

St. John School

BADGER BYTES

Principal's Corner - Miss Linse

I will be out of the building Monday and Tuesday for an administrators' conference. I am looking forward to being able to learn from other administrators with more experience to help me grow in this new role. If you have a pressing need that cannot wait until I return, Deb can reach me.

PAPERWORK

Don't forget to get your paperwork handed into the office or your teacher. We need a Registration Form, Internet Form, Handbook Form and Blue Card returned for all students every year. If you need additional forms please call or email the school office; 920-361-0555 or school@stjohnberlin.org

NO school for 4K only next week Monday and Tuesday, September 19th and 20th.

SUNDAY SCHOOL

Sunday School and Adult Bible Class started last Sunday, September 11th. Church is at 9am and Sunday School (ages 4 to 8th grade) will start at 10:15am in the school and Adult Bible Class will start at 10:15am in the church's lower level. It is never too late to start coming! Please plan to attend.

4K
Mrs. Henke

Hello and happy Friday! We had our first full 5-day week of school and what fun it was. We really enjoyed math this week. We talked about apples, compared weight, size, shape, and even shared our favorite kind of apple. The best part of all, it involved taste testing!

In science we explored our Scholastic magazine, which taught us even more about the parts of an apple. On Thursday, we had fun making our own applesauce! During Jesus time, we learned about how God created the world in only 7 days!! It amazes us how great He truly is. We are thankful for all the plants and animals he created and that we are able to enjoy them here on Earth today. In phonics, we listened to rhyming words, beginning, sounds, and end sounds. We read the "Little Miss Muffet" and searched for the letters F, I, and A within the nursery rhyme. Just a reminder there is no 4K on Monday and Tuesday. Have a great weekend and see you Wednesday!

Mrs. Henke

Kindergarten
Miss Linse

In Kindergarten, we are continuing to work hard. We are getting along well with each other and are excited for recess time. We have finished 12 math lessons where we are practicing how to use our math manipulatives. We are also working on the right way to write our numbers. Each number has its own song - ask us to sing them with you. We loved practicing the letter C with our friend Cass, who loves to cook. Then we met our second Superkid friend today and could hardly contain our excitement. His name is Oswald, and he loves odd animals. During Jesus time the last two 2 weeks, we talked about the Creation of the World. God made people to live in His wonderful world because God is love. We also talked about how God loves us and created us to know and worship Him. Please remember that the weather can switch from hot to cold and back again this time of year so please plan accordingly (an extra sweater or coat in the backpack). Have a blessed weekend.

1st/2nd
Mrs. Fritsch

Our week was full! We learned about God's promise to Abram that he would have as many descendants as the stars in the sky!

We completed Lesson 10 in math. Everyone is learning how to do the math homework in pencil! Our 1st Grade Superkids have character cards and we have been matching the first letter of the characters name with other pictures with the same sound.

This was our first week with our new classroom schedule. We had a great time today on our Field Trip to Heritage Hills.

3rd/4th Grade
Mrs. Cargin

Another great week!

In Math, students are reviewing concepts they should have seen previously in other grades. We practiced writing numbers, adding, subtracting, and writing fact families. Continue to encourage your children to take their time in math. It is so easy to try and rush through something, and not read the problem!

In Language Arts, we are still working on our stamina for Daily 5. Students learned a strategy to help them with comprehending while they read. They learned that good readers ask questions beginning, during, and after they read. We practiced making our own simple and strong questions. We read a book called *Enemy Pie* which helped them discover why we need to ask questions. We also got to do some cursive handwriting this week! They showed me what they knew and got to practice some basic cursive strokes. We also got to writing our first Personal Narrative draft and learned what the difference between a watermelon story and a seed story was.

In Bible, we learned about Cain and Abel and what it means to be a sinner. We also talked about the Tower of Babel and to keep ourselves humble. Then we talked about Abram and his story talking about trusting God in everything we do.

In Science, we learned about plants. We read about different types of flowers, and different types of seeds. Students even learned how seeds travel, and how they germinate. Monday we are going to dissect a lima bean and look for the embryo of the seed.

On Friday, we got to go to Heritage Hill and experience some interesting ways of living.

As always, if you have any questions feel free to email or text me.

God bless your weekend!

Anna Cargin

5th/6th Grade
Mrs. Kersten

Fifth and Sixth grades have finished another week. Next week will be our first five day week with classes every day!

During Religion we talked about the great flood and then The Tower of Babel.

Math topics this week were adding whole numbers, writing numbers through one hundred thousand, fractional parts and lines and angles. Test 1 will be next Wednesday, September 21.

We read the short story of "The Dog of Pompeii". This story talks about the volcano Mount Vesuvius. Next week we will write about the volcanoes after researching them.

For computer class we researched wacky facts about toys. We learned the name of the patient's name in the game "operation" and what Play-Doh was created for.

Science class was more bugs and the role they play in God's world.

The Picasso faces were finished in Art (gr 5-8) and we then learned about Dot day and made a dot picture in preparation for our study of pointillism.

Seventh and eighth graders continued their review of math topics from previous years. Test 1 for Math will be next Thursday (9/22). They read two short stories and started an activity about the first person and third person point of view for the stories they have and will read.

Enjoy the warm weather this weekend.

7th/8th Grade
Mr. Pett

Another week in the books and we have had two tests. We will be studying plants in Science and the Earth in Geography. Spelling test scores have been high this year. I am thankful to see that in my students.

I will be coming out with a tentative lineup about things we will cover in FACE soon. Stay tuned for further information.

We are tracking church and Sunday School attendance. It is important for your student to build their faith through worship and praise. St John offers Thursday and Sunday worship services. They also offer the adult Bible study as we don't offer a youth Bible study at this time.

Have a great week in the Lord.

Serving in His Kingdom,

Mr. Pett

SPORTS - VOLLEYBALL

This week our teams played at home against Celebration, Appleton. The A girls played hard but unfortunately came up short in some close games. The B girls also fought hard during some very close games and they were able to come away with the win. Currently our A girls are 0 - 2 and our B girls are 2 - 1. Next week the teams will play Valley Christian on Tuesday, which is parents' night, and the teams travel to Trinity, Oshkosh on Thursday. GO BERLIN!!!!

SPORTS - SOCCER

Soccer starts on Monday, September 19th, see you all there.

SHOE FUNDRAISER

Save your gently worn shoes, we are going to be having a shoe fundraiser in October. The shoes can be any size and style from flip flops to boots. All we need to do is collect them and send them in, then we will get paid! We will be setting up a drop box soon to start collecting them, more information will be coming soon.

SCRIP

During the month of September, take advantage of a 10% discount on your Kwik Trip Fundraising gift cards.

SCHOOL PICTURE DAY

School picture day is Monday, September 26th. You should have received some emails with information about picture day. You should also have received an email and a flyer with your students personal photo passcode. If you prefer a paper order form, please contact the school office.

WELLNESS COMMITTEE

The St. John Wellness committee would like to remind students and families that snacks brought to school by students are encouraged to be healthy nutritious choices. There is an exception for birthday treats. The portion size should also be considered so the students are not spoiling their lunch.

PETALS AND PLOWS FIELD TRIP

The Petals and Plows Field Trip will be coming up on October 21st, permission slips will come home in a few weeks, BUT we will need drivers so we wanted to give you a heads up if you want to ask off work or mark it on your calendar.

St. John Mission Statement:

St. John Lutheran School exists to provide a Christ-centered education focusing on spiritual, emotional, academic, social and physical growth. We assist parents in preparing students for an active Christian life and eternal salvation. Above all, we proclaim "For God so loved the world, that he gave his only Son, that whoever believes in him should not perish but have eternal life." . John 3:16
